Washington, D. C., Wednesday, October 7, 1925

The Axe

By Frances Randolph

FRESHMEN were required to take intelligence tests upon admission to the University this year. This is the first step toward a reform which is yearly becoming more necessary to colleges. The second step will be to exclude candidates whose grades show that they are not capable of understanding college training. In this way the units who clog the wheels of education will be eliminated and higher education will begin to mean leadership.

DEGREES of social intelligence in the incoming class are also obtained by another set of tests. The future leaders in activities are supposed to be those who make the highest grades in these examinations. Unfortunately, however, we find many Senior presidents, Hatchet editors, and fraternity leaders who do not know whether to go to a six o'clock dinner at six or six-thirty and cannot figure out why a Harvard graduate should be care-taker of a playground. How come, Professor Moss?

FRATERNITIES will give a smoker to freshmen in the Gym after the Roll Call. In these days of emancipation, one is uncertain whether it is etiquette to drag one's one and only or to come alone.

NO, little freshman, they are not going to make you answer to your name at Roll Call!

GEORGE WASHINGTON is coming to the Roll Call to look over the University which was named after him. Two years ago he saw the beginning of plans for larger development. Perhaps he will tell us that much progress has been made since his last visit, but that there is room for more—that what we have is only the start of a still greater move toward the greater George Washington University.

AFTER the recent wild scramble of engagements and marriages, a young co-ed was caught wandering around the campus with a Diogenes' lantern looking for an unattached man.

FRESHMEN are being urged to come out for activities. Lunches, teas, instructive talks and big sisters are all conspiring to get the poor children enrolled in something, whether they want to be or not.

HALF of G. W. has just returned from extended trips in Europe, South America, the Orient, and—most important of all, England. Overcoats are now topcoats, America has become "the States," baggage is "luggage," and kidding is either "spoofing" or "pulling your leg." They say Corcoran Hall should have a "lift," swearing has degenerated to "bloody" and "bally," and they call themselves to your attention by saying "I s'y, old topper." Someone was all wrong when he said that evolution never worked backwards.

A NOTED dramatic critic of the Hatchet was overcome by his first assignment—the Gayety—and failed to report back to the Hatchet office after the show. Either the blandishments of the dusky chorus lads there this week overcame him, or he ran afoul of the minions of Lieut. van Winkle while passing Smith and F.

SPEECHES, STUNTS, SONGS PLANNED FOR ROLL CALL MONDAY

President Lewis Will Outline Progress; Alumnus and Student to Speak

MUSIC BY ARMY BAND

George and Martha Washington Will Be Present; George May Address Crowd

Speeches by George and Martha Washington, music by the Army Band, and George Washington songs by the Glee Club double quartet are a few of the features that are to make this year's Roll Call the best yet, if the hopes of the committee are realized. All G. W. is expected to be on the campus at 5 o'clock, Monday, October 12, to take part in this event.

President Lewis will address the students, calling attention to the progress and hopes of the University. This year he can show as an example of work and loyalty, Stockton Hall recently completed to house the Law School. At last year's Roll Call, the breaking of the ground for this building was the subject of his speech.

Alumnus and Student to Speak. A prominent alumnus whose name has not been given out will represent the graduates, and deliver their message to the future G. W. alumnus. As a member of the student body, and chairman of the Roll Call Committee, Sterry Waterman will address the assembly.

The "stunt" of the evening has been arranged by Sophia Waldman, a member of the Committee. George and Martha Washington are to drive up to the platform in their picturesque Colonial carriage, and George will probably be asked to say a few words about the condition of the University which bears his name. The identity of these ancient visitors has so far not been divulged.

Army Band to Play. Music will not be lacking at this, G. W.'s largest annual event. Commuters' Army Band will furnish martial music, the Glee Club double quartet will sing, and the five thousand or more students who are expected to answer the call, will make George Washington cheers and songs a spontaneous part of the program. It is understood that the new song written and set to music by Professor A. F. Johnson will be introduced at the Roll Call this year. Copies of other songs including the John B. Lerner prize winner will be distributed and sung.

SOCIAL INTELLIGENCE EXAM PROVES UNIQUE

Question Freshmen on Observation of Human Behavior and Memory Work

Freshmen in the Department of Arts and Sciences received somewhat of a surprise Thursday and Friday of last week when the social intelligence examination was administered to them along with tests in abstract intelligence. Although considerable speculation had taken place regarding the nature of the quiz, the examination was different from anything that had been expected.

Among the novel features of the quiz was the test of the students' ability to read facial expressions. Slides containing pictures of human faces with expressions representing various moods were thrown on a screen and the Freshmen asked to designate each. Suspicion, joy, indignation, surprise, and fear were among the many they were asked to name.

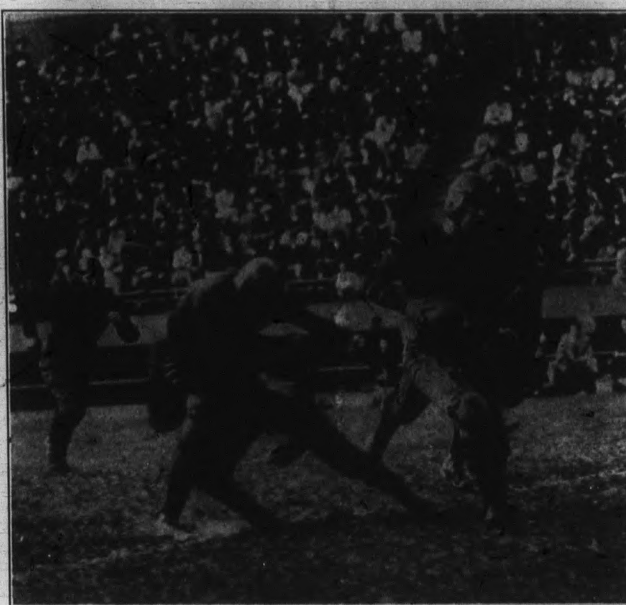

Memory Test Given. Next pictures of several individuals were thrown on the screen and the students told their names. Shortly afterward the pictures were flashed on again and the students asked to name them, thus testing their capacity for memorizing names and faces.

Then followed questions on social situations and observation of human behavior. Their knowledge in the realms of music, religion, sports, politics, art and science was also drawn upon. One of the last questions concerned the students' ability to interpret the mental states of a speaker through his choice of words much the same as they had previously attempted to interpret his mood through his facial expression. The examination was devised entirely by our own department of psychology.

MEDICAL SOPHS TO DANCE

The Sophomore class will celebrate this Saturday evening by a dance which will be given in Corcoran Hall. This will be their first social event of the season and it promises to be a big one. Some of the best music has been obtained; and there will be ice cream. Members of the Senior, Junior, and Freshman classes of the Medical School have been cordially invited to attend.

HATCHETITE GRIDMEN SWAMP JUNIATA TEAM

Buff and Blue Eleven Displays Powerful Offensive Strength to Hand Team From Huntingdon, Pa., a 32 to 0 Setback in Heat at Central Stadium last Saturday

REVENGES DEFEAT SUFFERED LAST YEAR

Displaying an almost irresistible attack, and dazzling their opponents with stellar offensive playing, the George Washington University football team completely outclassed the eleven from Juniata College to the tune of 32 to 0 last Saturday afternoon at the Central Stadium. This trouncing administered by the Buff and Blue completely wipes out the 7 to 0 defeat which the Hatchetites received last year at the hands of the Huntingdon Yellow-jackets.

The University, from President Lewis down to the greenest freshman, must have sensed the impending battle, for a crowd of at least 1500 followers were out to watch the team get its revenge. They were not disappointed, for they witnessed a continuous march down the field, against which Juniata's bulky line was powerless. Employing a varied onslaught, marked by slashing off-tackle plays and sweeping end runs, the Buff and Blue seemed able to gain at will. On the defense, the Hatchetite line proved to be a veritable stone wall, against which the attacks of the Pennsylvanians were futile.

G. W. Offense Powerful

The power and drive of the Buff and Blue attack is shown by the fact that the Crummen registered a total of 22 first downs as opposed to one for Juniata, which was the result of a forward pass. The aerial game was resorted to on numerous occasions by both teams, but with little success. The Hatchetmen attempted eight passes, of which two were completed for a total gain of 20 yards, the remaining six being broken up. The Blue and Gold made ten tries, but completed only one. Three of the remaining nine were intercepted by the Crummen. One of these paved the way for a touchdown.

The team was plainly overanxious at the start of the game, two five yard penalties being inflicted for off-side play. The final score does not fully show the power of the Hatchet offense. In the first half George Washington worked the ball up to the Pennsylvanians' 3-yard line, where they were met by a determined stand and lacked the punch to put it across. The Buff and Blue again marched down the field, bitterly opposed on every play, to the 3-yard line, where the whistle denoting the end of the half halted their progress. The game closed with the ball in possession of the Crummen on Juniata's 30-yard line.

Backfield Shines

In the backfield, Sapp, Clapper and Wilton bore the brunt of the attack. Wilton shone particularly in the first half, his brilliant line plunges bringing about the first touchdown. Kendall played a bang-up game at center, while Hayman repeatedly beat the ends in getting down under punts, and by intercepting a forward pass made the fourth. (Continued on page 3)

TEACHERS ELECT

There will be a meeting of the Junior and Senior Classes of Teachers' College on Wednesday, October 14, at 7:30 p. m., in Room 29, Building 4. Officers for the current school year will be elected.

POLITICAL SCIENCE CLUB MEETS

The Political Science Club will hold its first meeting of the year next Tuesday evening, October 13, in Corcoran Hall.

REGISTRATION AT RATE OF 100 EACH DAY CONTINUES

Arts and Sciences Department Records 3510 Registrations to October 2

MORE WOMEN THAN MEN

Twenty-five Religions listed by 1718 Who Acknowledge Church Affiliation on Cards

Students continue to register in the Department of Arts and Science of the University at the rate of one hundred or more a day. According to Miss Linda J. Kincannon, Registrar, it is the old students that are the chief offenders.

The total number registered in the Department of Arts and Sciences on October 2, was 3510. Of this number 2778 are candidates for degrees. There are now 1425 new students on the list, which is a greater number than were registered at this time last year. Late Fall and February registrations promise to send the number of new students over the high mark of 1600 reached last season.

Women are more numerous in the University than men, but by a very small margin. The present reports show that the weaker sex number only ten more than the men.

Local Schools Send Many

Local high schools have sent the majority of the new students. Central heads the list with 119, while Tech is second with 32. There are 81 out-of-town high schools represented by the freshmen.

The strength of the afternoon classes is shown by the fact that they number 2295 against 1215 morning students.

Out of the 3510 students registered in the Arts and Sciences Department only 1718 filled out the Church affiliation blanks. These blanks were given out so that the Registrar's Office would be in a position to answer inquiries made by the Churches.

Twenty-five different religions are listed, several of which will prove strange to the average student. The Methodists lead with a total of 369, and are followed closely by the Episcopalians with 269, the Presbyterians with 248, the Roman Catholics with 202, and the Baptists with 197.

Many Religions Represented

Lutherans number 84, Hebrews 75, Congregationalists 67, Christians 66, Christian Scientists 35, Unitarian 34, Brethren 14, Reformed 13, Friends 10, Universalists 6, Latter Day Saints 6, Dutch Reformed 3.

There is one member each of the (Continued on page 4)

COMMITTEES APPOINTED AT INTERFRAT MEETING

Cup Voted Kappa Sigma, Winner of Greek Baseball Series Last Year

At the Interfraternity Council Meeting Sunday, October 4, at the Acacia House, the following committees were appointed:

Credentials Committee: Sterry R. Waterman, president, Phi Delta Phi; Clyde A. Tolson, Sigma Nu; Omar J. Brown, Theta Delta Chi; and J. Nicholas Petty, Acacia.

Social Committee: Douglas Beattie, Phi Alpha Delta; Robert H. Wendt, Delta Theta Phi; Robert W. Pollock, Sigma Chi; and Kenneth Abrams, Delta Tau Delta.

Athletic Committee: Ernest L. Stewart, Phi Sigma Kappa; Stephen Carry, Kappa Sigma; Louis E. Whyte, Sigma Alpha Epsilon; and H. Burton McCoy, Theta Upsilon Omega. Scholarship Committee: William J. Kerlin, Sigma Phi Epsilon; Carl W. Gardner, Kappa Alpha; and Clayton H. Hixon, Phi Chi.

At the next meeting the schedule for the interfraternity basketball series will be presented, and the games are expected to start before the month of October is over.

A cup was voted to Kappa Sigma as winner of the interfraternity baseball championship last spring, which will be presented at the Interfraternity smoker in November.

The Committee on Extension Work for the University was continued as a special committee with J. N. Petty, chairman, Clyde A. Tolson, Carl Gardner and W. J. Kerlin as members.

CENTRAL CLUB OF G. W. U. HOLDS MEETING TONIGHT

Central alumni attending George Washington will get together and renew old times tonight at 8 o'clock when the Central Club holds its first meeting of the year in Room 17, Corcoran Hall. Freshmen as well as upperclassmen who are graduates of Central High School and desire to join the organization should attend the meeting.

Officers will be elected and plans made for the coming year at the meeting tonight.

PICK TEAM OF THREE TO MEET OXFORD IN DEBATING CLASSIC

John Trimble, Oscar Zabel and Vivian Simpson Selected at Tryouts Friday

TO HOLD DEBATE IN GYM

Hoagland and Ogg Chosen Alternates; Manner of Judging not Yet Determined

John P. Trimble, Oscar A. Zabel and Vivian Simpson have been selected to represent George Washington University in its forensic clash with Oxford University to be held early in November. This trio was chosen from the Mens' and Women's Debating Teams of last season at the try out held Friday evening in Stockton Hall. Professors Hall, Arnold, and Collier served as judges.

Miss Ruth Newburn, whom it had been previously announced would be a likely contender for this special team did not participate due to her decision not to enter debating activities this year.

V. R. Ogg and Cyrus D. Hoagland were designated as alternates for the Oxford debate.

Scene of Debate Changed

It is planned to hold the debate in the University Gymnasium this year. Heretofore Continental Memorial Hall has been the scene of these yearly oratorical contests, but it is felt that the affair is one of campus interest and should be made so in practice.

While the manner of decision has not been determined, it is the feeling of those on the campus interested in debating that the customary three-judge method should be used. At least an improvement over the previous year's method of resorting to a verdict by the audience may be made.

Monday, November 2, has been set as the date for the debate and it is probable that cards of admission will be issued as in former years.

Denit Will Train Team

Coach Louis M. Denit will take those selected in charge and train them especially for this debate during the intervening several weeks in the hope of repeating the University's victory over the Oxford team in 1923 and of avenging the defeat it suffered at the tongues of Cambridge in 1924.

The Trimble-Zabel-Simpson team is selected for the G. W.-Oxford Debate only. Tryouts for the varsity teams to meet other American universities will be held in the near future.

Challenges have been received from the Universities of Oklahoma and Arizona who are sending their debating teams on an eastern tour this fall. It is planned to include these colleges in the G. W. intercollegiate debate schedule as well as the Universities of Virginia and Maryland and other institutions in the Eastern and Atlantic Divisions.

All oratorical talent in the University should be present at the tryouts for the varsity team. Definite announcement of the date for them, as well as of the details of the G. W.-Oxford Debate will be made as soon as they are completed.

CELEBRITIES TO ATTEND JOINT MASONIC SMOKER

The third annual Smoker of the George Washington University Masonic Club and the Acacia Fraternity will be held at the Acacia Fraternity House, 1707 Massachusetts Ave., N. W., Friday evening, October 9, at 8 o'clock.

Roe Fulkerson, Grand Master of Masons of the District of Columbia, John B. Lerner, chairman of the Board of Trustees of the University, Howard L. Hodgkins, Dean of the University, and several members of the Faculty, will be the guests of the Masons.

The purpose of the smoker is to enable the Masons of the University to become better acquainted with each other. To every Mason of the University, whether a faculty member or a student, is extended an invitation to attend this the first gathering of all the Masons of the University this school year.

INTERFRAT SMOKER TO WELCOME ALL NEW MEN

All first year men in the University are to be welcomed by the Interfraternity Council and the members of each fraternity at a huge mixer and smoker to be held Wednesday evening, October 14, at 8:00 p. m. in the gymnasium.

President Lewis and Coach Crum will make addresses, and Sterry R. Waterman, president of the Interfraternity Council, will make the address of welcome to the freshmen on behalf of the fraternities of the University.

A miscellany of acts and stunts, music by the University double quartet and other musical organizations will complete the program for the evening.

WASHINGTON, D. C. - - - - - OCTOBER 7, 1925

WELL INFORMED ALUMNI

Three thousand extra copies of the Hatchet have been printed this week and are being sent to our alumni throughout the country. Those of our old grads who have not kept closely in touch with the progress of their Alma Mater will see reflected in our columns the growth of a new George Washington, and a new spirit. And yet they will find that it is not so new that it has outgrown the finer things of the old regime. We hope that the Hatchet will awaken in their minds memories of their own college days and a feeling of pride in the progress of their University. George Washington Alumni should be as vitally interested in what their University is doing, and as enthusiastic over its prospects as are the well organized alumni groups of other leading Universities. We believe that weekly reading of his college newspaper is essential to the well informed alumnus. And so we have a more material motive in printing an alumni edition of the Hatchet, namely to persuade loyal old grads to snatch a few moments from their busy days to fill in and send to us the subscription blank printed below.

THE ROLL CALL

For the third time in more years than most of us can remember, George Washington students and professors from all departments of the University will gather on the campus next Monday for the annual Roll Call. A time of recapitulation and inspiration; it is a thing no one can afford to miss—the real time of the year when the strength and power of George Washington is best realized. The Roll Call of 1925 means to us the inauguration of the most successful year the University has ever had. It means greater athletic teams, a strengthened faculty, well equipped buildings, and a birth of new spirit in the student body. It means more fame and power to G. W. Let us all welcome with our President the birth of this new year!

BUCKNELL GAME A TURNING POINT

For the first time in several years the Hatchette football team faces a game with an eleven quite a bit higher up in the football world than George Washington University has been rated in the past. When Coach Crum sends his team on the field at Lewisburg next Saturday, he can, by a win or a very close game, advance the standing of his grid team to the very door of the narrow circle that is looked upon with awe by the colleges of lesser football fame. A win over these gridmen that conquered Navy and teams of similar caliber, will put the Buff and Blue eleven in a position to expect offers of football games from the great teams of the country. Thus it is with the soul of the entire University back of them that the Hatchetmen set out on their warpath after the scalp of the Bisons.

WE NEED A SONG

The offer of Mr. Louis Hertle, of the Board of Trustees, of a \$100 prize for an acceptable school song, is still open. Many songs have been tried in past years, notably Sokolov's football song and Sweeney's "Hail to the Buff and Blue," and many have already been submitted in the contest, but like the yells, none hold the stage for much more than a season. What is needed is THE song and THE set of yells to be handed down from year to year. We suggest that a committee composed equally of faculty members and students be appointed by the Faculty Committee on student activities and a distinct effort made towards the adoption of a permanent song and a permanent set of cheers.

ALUMNI KEEP IN TOUCH WITH YOUR ALMA MATER

Fill in the following subscription blank to the University Hatchet, mail it to our Business Manager, and the University newspaper will be sent to your home for the remainder of the school year.

Business Manager of the Hatchet,
George Washington University, Washington, D. C.

Enclosed find \$2.00 in full payment for a year's subscription to the University Hatchet, which I desire to be sent weekly to the following address:

Name.....
Address.....
City..... State.....

Miss Hester Beall has left for Boston, where she will attend the Lealand Powers School of Expression. She will live at the Zeta Tau Alpha House, and expects to take some law courses at Boston University.

Jos. F. Sisk, a member of last year's Hatchet staff, is now a "cub" reporter on the Baltimore-Sun, and writes his old buddies that he would not swap jobs with Cal Coolidge or Doug. Fairbanks.

Ray Langston, who has been visiting a Member of Parliament in London this summer, recently returned to Washington with what we understand is the latest London mustache.

The Gamma Eta Zeta's have just received a letter from Geraldine Barlow McNitt, telling of the attractions of the "Great Outdoors." Gerry Barlow and Arnold McNitt, both graduates of George Washington, were married last June, and are now living in Denver, Colo., where Dr. McNitt is attached to the Army Hospital there.

Miss Amy Burnham Onken, Grand President of Pi Beta Phi, was the guest of the local chapter girls at a tea given in her honor on Thursday afternoon in the Pi Phi rooms.

We've heard some Columbian coeds remark that they certainly like the Law School's new location—makes school so much more interesting.

The engagement of Ruth Gregory and Harold Wheeler has been announced.

Monday evening, September 28, the Acacia fraternity initiated Guy Berryhill, Paul Phillips and Donald Warren.

Aren't girls the limit! Just when Foster has the Law School moved over where he can be near Marian, off she goes to Mexico. Marian Barker, who was very active in student affairs at the University, is now teaching psychology at the Instituto de Colon, Guadalajara, Mexico.

The G. W. chapter of Pi Beta Phi was well represented at the installation of a new chapter recently at William and Mary College. The girls reported a delightful time, with a banquet, dance, and teas on the entertainment program. Helen Gregg was the official delegate. The others attending were: Margaret Beasley, Grace Harris, Isabel Heisler, Ellen Littlepage, Annabelle Lloyd, Ruth Newburn, Marguerite Smith, Sophia Waldman, Ruth Williams, and Alice Williams.

The George Washington double quartette is growing in fame and popularity. The boys sang at the Engineers' smoker at the Sigma Chi House last Wednesday, and are scheduled to "go on the air" over WRC from the Washington Auditorium on Thursday and Saturday of this week. Trot out the ear phones, etc., everybody!

The Theta Upsilon Omega boys have been having quite a heavy social season at their new home, 1765 Q Street N. W. Three smokers and a dance have recently been pulled off. Entertainment by five small Africans on home-grown instruments featured one of the smokers.

We have just discovered whose S. A. E pin Frances Randolph has been wearing. George Welter, himself, let the cat out of the bag!

Informal announcement was made last Monday night of the engagement of Nan Messer to Sidney de Rue, when according to an old custom, Mr. de Rue presented the "five pound" box of candy to the Chi Omega fraternity. Miss Messer is a G. W. graduate of '22 and Mr. de Rue is an attaché of the Swiss Embassy.

Zeta Tau Alpha announces a subscription dance to be given on October 16th in Corcoran Hall. Tickets are one dollar per couple, and Happy Walker's music has been engaged.

The alumnae and active chapters of Chi Omega entertained at dinner at the Women's City Club, 22 Jackson Place, on October 5th, having as specially invited guests Mrs. Jean Vincentiller Denglar, one of the founders of the fraternity, Mrs. Vesta Lockwood Watson, Dean Anna L. Rose, and Miss Linda J. Kincannon.

Miss Lucy Swanton, a George Washington University student, attended a three-day conference this summer of the Fellowship of Youth for Peace, held at Swarthmore College. Miss Swanton is president of the local organization, and was sent to the convention as a delegate. She delivered a report of the conference before the local club at its last meeting, September 13.

Charles Pledger, Walt Hutchins, Wallace Royster, Lee Osborne, and Al O'Donnell staged a theater party in New York City over last week end.

Frances Walker thinks the 6 o'clock train from New York arrives at 6.50. At least, at that time she was waiting at the Station for a friend from Cornell, while he was waiting at her home for her. This tendency on her part seems to extend to attending classes, also, and it is reported that she had to drop one 9.15 class because of the amount of her taxi bills.

Among the Alumni

Announcement has been received of the marriage of Pauline Boucher, '22, to Mr. Archibald Keate Cook, of Salt Lake City, on September 2, 1925.

Mr. and Mrs. C. Walter Parker (Helen Hadden) who were prominent in student affairs in the Arts and Sciences Department in 1920-21, are living in New York City where Mr. Parker is connected with the New York Telephone Company. They have two children, Mary Ellen and James Gregory.

Helen Mankey, who received her A. M. degree in 1923 is a member of the faculty of the high school in Fairhaven, Mass.

Carolyn Cox, a recent graduate of Columbian College has just published her first novel "Stand-By," from the press of Harper and Brothers.

Among the women alumni of George Washington who are making good in the business world is Miss Helen Dana, of Hastings, N. Y. Miss Dana has been for several years connected with the Farmer's Loan and Trust Company of New York and she now holds a responsible position at the Fifth Avenue Branch.

It will be of interest to many still in college to learn that Marian Barker, Columbian College, '24, has left for Mexico to accept a teaching position.

Leslie French, graduate of the Medical School in '24, is now a resident physician of the University Hospital and assistant professor of Physiology.

Robert Bosworth, '25, and Jose Davila, '25, are medical officers of a construction company in South America.

George Brilmyer, M. D., '25, has been appointed as assistant professor of Histology at the Medical School.

Arnold McNitt, M. D., '25, who received a commission as First Lieutenant in the Officers' Reserve Corps last summer, is stationed at Fort Fitzsimmons, Denver, Colo.

Many of the recent graduates of the Medical School are intermingling in the local hospitals. At Garfield are Doctors Homer K. Butler, Robert Dennison, Isidore Lattman, William R. Thomas, Hartzell H. Ray, Aaron Nimetz and Katherine G. Symonds. Providence—Doctors Laurence L. Cockerville and Anthony P. Rubino. Emergency—Doctors Harold A.

Pinkerton, Stanley P. Porton, Clint W. Stallard and Louis A. Passalacqua. Walter Reed—Doctors Harold W. Potter, Russell McNitt, George L. Bowen and John Russell. University Hospital—Doctors Katherine Chapman, Anthony Schilling, Charles Annario, George Creswell, William B. King and Lloyd Cullimon.

"Bill" Ballinger, M. D., '24, is an instructor in physical diagnosis at the Medical School in his spare time.

"Dick" Hewitt and Edith Swartwout, both of '24, Medical School, were married this summer and are in Chicago, Ill. Doctor Hewitt is associate editor of the Journal of the American Medical Association.

Harold Rhame, M. D., '25, is down in the wilds of Mexico.

Esther Nathanson, M. D., '25, is interning at the Metropolitan Hospital in New York City.

Fred A. G. Geler, M. D., '25, is assistant resident physician at Emergency.

SPHINX AND HOUR GLASS LUNCH FRESHMEN WOMEN

The Sphinx and Hour Glass societies of George Washington University extended to about seventy-five freshmen women a cordial welcome at the annual luncheon given in the attractive W. U. C. rooms at 12.30 on Saturday, October 3.

The luncheon was followed by 3-minute talks by Miss Sophia Waldman, toast mistress, Miss Margaret Daly, representative of the Hour Glass, Miss Virginia Hopkins, girl's athletic coach, Miss Ruth Williams, president of the Sphinx, and were responded to on the part of the freshmen by Miss Carolyn Getty. Dean Rose closed the affair with an interesting discussion of the scholastic and athletic merits and awards.

When rural service lines bring electricity to the farmer's door, many of his labor troubles are at an end. Motors, large and small, will do the many chores of farm and farm house for a few cents per day.

The Farm Electrical

Of the six and a half million farm homes in this country, only half a million have electricity.

Still, the advantages of electricity are widely known. But there is more to farm electrification than the installation of motors, lights and heaters. Current must be brought to the farm, and that means many miles of transmission line, supporting poles, transformers, and adequate generating equipment.

Slowly but surely the electrification of American farms is taking place. As farmers learn how to use electricity, rural service lines reach out farther and farther into open country.

Six million farms to be electrified! Here is a vast and virgin field for the application of electricity, with countless opportunities for college-trained men in the technical and commercial phases of this undertaking. And for the agricultural college student and others planning a future life in rural sections, it means a better, bigger, happier life-time now in the making.

Since its inception the General Electric Company has pioneered in the various fields of applied electricity. Today G-E engineers are co-operating with various State agricultural committees in the study of farm and rural electrification. These committees include members of the agricultural college faculties.

A new series of G-E advertisements showing what electricity is doing in many fields will be sent on request. Ask for Booklet GEK-1.

SPLINTERS FROM SPORTDOM

Getting Bigger Sport Notices

A Good Football Team Pays

Tennis Tournament Underway

The Bucknell Game

Kris Now at Maryland

By DAN MCGREW

George Washington is getting bigger and better press notices in the local papers this year than it has in the past. This column takes only the sport sheet as its basis of observation, but there is a marked increase in the amount of space allotted to G. W. athletics, even at this time when the coming world series puts a premium on every line.

A modern university must employ modern advertising methods to keep its head above water. A football team is good advertising for any university, for a winning football team puts over its own advertising campaign.

It pays in cold cash to have a good football team. Until a few years ago who except a few interested educators and those in the immediate neighborhood had heard of Centre College, Kentucky? Then came the feat of the Praying Colonels when they cleaned up their schedule, and

produced the incomparable Bo McMillan, Red Roberts, and many others. It was told in the newspapers that Coach Moran spent the entire night before the big Harvard game nailing mud cleats on the shoes his team had to wear the next day. Now we wonder how many minutes the coach worries away while nailing cleats to his men's shoes? We have a vision of a time when George Washington University and the Hatchettes will be on the lips of sportsmen everywhere.

There seems to be no end to the fame of the G. W. Rifle Team which in the past few years has made a well nigh unbeatable record. Four of the men who represented Washington in the recent National Civilian Matches will enter George Washington to strengthen our present fine team, and prospects for another great year are unusually bright.

Women's tennis is getting underway and many of the co-eds are tuning up with their racquets for the fall tournament. Here is an opportunity for some fair Freshie to win the respect of the haughty Sophomores.

Bucknell?—George Washington? Who can guess the outcome of the game? Sport critics concede the game to Bucknell but do not attempt to give a margin of victory. The men of the Buff and Blue who face the Bucknellians in Saturday's game at Lewisburg, Pa., say, "We believe we can beat them and we will certainly try our best to do it." We predict that if we are favored with the breaks of the game our team will not lose. **BEAT BUCKNELL.**

J. L. Kris, star tackle of the Hatchette team last fall and famous as tackle on the Iowa team that won the Western Conference title and defeated Yale, is now engaged as assistant under Coach Curly Byrd at the University of Maryland. He is proving a valuable assistant to the grid mentor of the Old Line team.

MENORAH SOCIETY TO HOLD FIRST MEETING

Menorah Society of George Washington University holds its first meeting of the year Wednesday, October 7, at 8 p. m., in Corcoran Hall, Room 1. Dean William Allen Wilbur and Rabbi Louis J. Schwefel are to be the principal speakers of the evening in welcoming the new students to the society.

BUCKNELL BATTLE TO TEST CRUMMEN

Critics Favor Bisons to Win in Battle at Lewisburg Next Saturday

FIRST TRIP FOR SQUAD

Hatchet Team Faces Seasoned Veterans Who Have Already Won Two Hard Games

The semi-climax of the Buff and Blue football season comes Saturday when the Hatchet eleven stacks up against the famous Bucknell gridmen at Lewisburg, Pennsylvania. The outcome of this game will be the real test of the fine eleven gathered beneath the George Washington University football banner and tutored by Coach H. W. "Maud" Crum.

A squad of from twenty to twenty-five men will make the trip to Lewisburg. Accompanying them will be a number of supporters of the University. Other students plan to make the trip either by auto or via the hobo route.

Bucknell has had an enviable football record in the past, and it would be quite a victory for the Hatchettes to tie or defeat them. Given the breaks of the game Coach Crum is confident that his team will make the University proud of it.

Comment by Coach Crum

"We are in the game to fight and win," was the only comment offered by the coach. Characteristic of Mr. Crum this brief speech reveals the fact that he is counting on his team to do great things at Lewisburg next Saturday.

While the Hatchettes have met little opposition in their first two games of the year, the Bucknell team has played and defeated Western Maryland University and St. Bonaventure, teams of higher caliber than those which were beaten by George Washington. The Bucknellians opened their season against Western Maryland on September 26, defeating the Red and White team 17 to 0 in a hard fought game. Last Saturday Bucknell defeated St. Bonaventure 13 to 0 in a game played at Lewisburg. Touchdowns in the second and third periods gave Bucknell the victory.

Many Stars on Bison Team

Coach Charlie Moran of the Bison team has in Blaisdell, Goodwin and Diehl, three stellar backfield men with several years experience on the Orange and Blue team. "Uncle" Charlie, as he is called at Bucknell, has been at work on his team but three weeks, but he found much material for his team when he started training them, and is satisfied at their showing.

Last season the Bison team defeated the Navy team at Annapolis, and defeated Georgetown University in the Griffith stadium. Their 7 to 0 defeat of the Army came as a complete upset in football circles, and their 14 to 7 defeat of Georgetown and their defeat of Rutgers proved the caliber of the team. The Hatchettes are facing a formidable foe and have a chance to advance a huge stride forward in the football world by upsetting the dope and handing Bucknell a setback.

GIRL STUDENTS OUT FOR EARLY HOCKEY PRACTICE

Ellipse To Be Scene of Practice Four Evenings a Week Under Coach Hopkins

At the first meeting of the Hockey Team on Tuesday evening, September 29, Miss Virginia Hopkins, the new director of girls' athletics, outlined plans for the coming weeks. Regular practices are to be held every Monday, Wednesday, Thursday and Friday, at 2 o'clock, on the Ellipse south of the White House. The girls meet in the gym at 1.45.

Plans to organize four class teams, which will play an interclass series at the end of the season, are being made. A silver loving cup will be awarded to the victorious team, while those girls who succeed in making the Varsity will receive their minor letters, according to Dean Rose.

Miss Hopkins reported a splendid turnout at each of the several practices held since the meeting. Although about half of the girls are beginners who never played before, they have shown lots of enthusiasm and good sportsmanship, and are determined to work hard to make girls' field hockey a major sport at George Washington.

Jean Gravatte, manager of hockey, Freeda May Davey, captain, or Miss Hopkins will be glad to furnish information to any girl interested.

FENCING TEAM TO MEET

All girls interested in fencing are invited to attend a meeting to be held Thursday the 8th, at 7.30, in Room 17 of Corcoran Hall. The sport and the organization of the class will be explained. Girls unfamiliar with the sport as well as old students of fencing are invited.

BASKETBALL NOTICE

Ermyntrude Valden, Manager of Women's Basketball, announces that there are two assistant managerships open in that sport. Applicants should see Miss Valden.

WANDERING GREEK SMOKER

Wandering Greeks will stage their first smoker of the school year Thursday night at 8 o'clock in the smoking room located in the basement of Stockton Hall. All members of national social fraternities not represented at George Washington are invited to attend.

GIRL MANAGERS NEEDED

All girls interested in Assistant Managerships of Women's Rifle are asked to meet with Edna Kilpatrick on Thursday, October 8, at 12.15, Room 17, Corcoran Hall. Several girls are needed.

CROSS COUNTRY TEAM TO REPRESENT G. W. U.

First Time a Hill and Dale Team Has Ever Represented George Washington

With the coming season, George Washington will be represented in intercollegiate athletics by a cross-country team. A number of candidates report to the daily practice sessions and negotiations are under way to arrange a representative schedule.

Cross-country has not yet been recognized as a distinct sport. In case no official action is taken, it is planned to continue the season as a separate branch of track work.

Although this is the first year of local participation in the sport, Coach Probey feels assured that the season will be a success. Captain Shipley, Willett, Anderson and Domigan, members of last seasons mile and two-mile squads, have had previous cross-country experience and it is hoped that Bixby and Chinn, half-milers of last year, will be equally adept at the longer course.

HATCHETITE GRIDMEN SWAMP JUNIATA TEAM

(Continued from page 1)

touchdown possible. Goldman looked good at guard. Sapp, the Tarheel, made several scintillating end runs. The outstanding one of these was his run around right end for 35 yards, scoring the third touchdown. Grove in tackle, and Easton, half-back, starred for the visitors. Giles, the Blue and Gold captain, who was forced out with a fractured hand, played a hard defensive game.

Fumble is Costly

Juniata elected to receive, and Mock kicked off to West, who was dropped by Mock on the 25 yard line. West was unable to gain through tackle and G. W. smeared an attempted pass. An exchange of punts gave the Hatchettes the ball in midfield. It was then that Wilton began a series of smashes which carried the ball over the line. D. Snyder received the kick-off and was tackled by Hayman on his 26-yard line. After two forward passes were broken up, and an end run netted 3 yards, Easton punted to Coleman, who returned the ball to midfield before he was stopped. Neither team could gain consistently during the remainder of the first quarter.

Juniata opened the second period with a pass which was good for 15 yards, but were held for downs on line plays. At this point the Crummen's chances for another touchdown were spoiled by a fumble, Juniata recovering. Easton was again called upon to punt, and the Buff and Blue rushed the ball to the 3-yard line where the yellow-jerseyed line braced and held them at bay. Coleman returned the punt to the 15-yard line, but the end of the half prevented another touchdown.

The second half brought out a more determined and aggressive Hatchet team which romped down to the 5-yard line, where Sapp lunged through center for the second marker. Sapp missed the try for goal. J. Crum intercepted a pass in midfield and Coleman tore off 12 yards off tackle. Sapp then dashed around right end for 35 yards and another touchdown. In the last quarter, G. W. made two more drives, Mock scoring one marker and Igo the other. Clapper kicked both goals.

While the opposition offered them was considerably stiffer than that of the Blue Ridge eleven, the Hatchettes literally ran rings around the Huntingdon huskies. The Crum team was never in danger, and clearly proved that it packs a terrific punch.

Summary:

G. W. U.	Position	Juniata.
Mitchell	L. E.	Pentz
Hayman	L. T.	Giles, capt.
Goldman	L. G.	Lawson
Kendall	Center	Pfongner
Athey	R. G.	Dick
Slaughter, A. C.	R. T.	Grove
Growton	R. E.	Tignor
Coleman	Q. B.	West
Sapper	L. H.	Easton
Wilton	R. H.	D. Snyder
Mock	F. B.	Schlosser

George Washington: 6 0 12 14 32
Juniata: 0 0 0 0 0

Substitutions—George Washington: Patterson for Growton, Allhouse for Mitchell, Sapp for Clapper, J. Crum for Coleman, Growton for Allhouse, Miller for Hayman, Hughes for Growton, Igo for Sapp, Saunders for Igo. Juniata: Douglas for Giles, H. Snider for West, Boyer for Lawson.

George Washington scoring: Touchdowns—Wilton, Sapp (2); Mock, Igo. Goals after touchdowns: Clapper (2).

Goals after touchdowns missed: Wilton, Sapp (2). Referee, Mr. Metzler (Springfield). Umpire, Mr. Rath (Iowa). Head linesman, Mr. Newby (Princeton). Time of periods: 12 minutes.

MEDICS HOLD ELECTIONS

In accordance with an old custom, the officers of the Sophomore class conducted the election of officers for the Freshman Medics at a meeting held last Thursday afternoon. M. Carroll Flohr was chosen as President; Leonard D. McCarthy as Vice-president; Vincent Gould as Secretary; and Alice Heyl as Treasurer. The Seniors have also picked their officers, thus completing the elections in the Medical Department of the University. James Ford Davidson, affectionately known as "Pop" Davidson, was elected President; Joseph John Drago, Vice-president; Aleatha Evelyn Anderson, Secretary; Hyman Harberg, Treasurer; and William Corriero, Sergeant-at-arms.

GIRL RIFLE DRILLS START NOVEMBER 1

Seven Members of Last Year's Team to Report For Practice When Season Opens

NEW STARS IN SCHOOL

Several Well Known High School Markswomen to Come Out for Team

November 1 has been set as the date of the opening of the range for Women's Rifle, according to Sophia Waldman, captain of this year's team. Plans for a brilliant season are being made as Walter Stokes, G. W.'s former crack shot, will again coach the girls.

The team will suffer some from the loss of four of their best shots but with the prospect of several Freshmen women who have already made high scores on high school teams to fill their places the girls are expected to keep up to the almost perfect standard set in the past two years. Miss Helen Taylor, captain of the Central team, is chief among the number who are expected to turn in high scores. Miss Taylor has a splendid record from Central and great things are to be looked for in her work with the guns here.

Match to Decide Team

Members of the Rifle squad who competed for the Interclass Cup last spring are encouraged to begin practice as soon as the range is open. According to the tentative plans a match will be held as tryouts for filling the vacancies on the team. June Cooper, who won the cup with a good score, is unable to compete, so the places are open entirely to the girls who show special ability this fall. Miss Waldman announces that the girls who made high scores in the amateur contest last season are eligible and she is encouraging all of them to come out for the first practices this fall.

Coach Walter Stokes will open the season by giving special lessons on the mechanism of guns. These demonstrations will be given each week and the girls who are working in the amateur practices and the team try-out matches will be required to attend them since this is the most important work of their early training.

ALDERSON MADE HEAD OF DEBATING SOCIETY

Determined to keep the practice of debating as one of George Washington's principal activities, the Columbian Debating Society, at its first meeting of this year, October 2, elected officers, and laid ambitious plans for the ensuing semester. The new officers are Wroe Anderson, President; Nelson Faulkner, Vice-President; J. L. Mendelson, Secretary; Miss Pearl Wetmore, Treasurer; Frank Smith, Critic; Edward Gallagher, Press Representative; and Edward Moulton, Representative to the Debating Council.

To draw out as many as possible to the next meeting to be held Friday, October 9, the society will stage a debate on the live current question of the ban of Saklatvala. The resolution is: "This Society censures the action of the State Department in excluding Saklatvala from the United States." The affirmative team will be Robert Ward and Thomas Hall. The tentative negative side will consist of Nelson Faulkner and Ray Crowell.

Do You Know?

"HOW TO STUDY"

The Students' Hand-Book of Practical Hints on the Technique of Effective Study

by WILLIAM ALLAN BROOKS

A GUIDE containing hundreds of practical hints and short cuts in the economy of learning, to assist students in securing MAXIMUM SCHOLASTIC RESULTS at a minimum cost of time, energy, and fatigue. ESPECIALLY RECOMMENDED for overworked students and athletes engaged in extra-curriculum activities and for average and honor students who are working for high scholastic achievement.

Some of the Topics Covered

Scientific Shortcuts in Effective Study
Preparing for Examinations
Writing Good Examinations
Brain and Digestion in Relation to Study
How to Take Lecture and Reading Notes
Advantages and Disadvantages of Cramming
The Athlete and His Studies
Diet During Athletic Training
How to Study Modern Languages
How to Study Science, Literature, etc.
Why Go to College?
After College, What?
Developing Concentration and Efficiency
Etc., etc., etc., etc., etc.

Why You Need This Guide

"It is safe to say that failure to guide and direct study is the weak point in the whole educational machine," Prof. G. M. Whipple, University of Michigan.

"The successful men in college do not seem to be very happy. Most of them, especially the athletes, are overworked," Prof. H. S. Canby, Yale.

"Misdirected labor, though honest and well intentioned may lead to naught. Among the most important things for the student to learn is how to study. Without knowledge of this his labor may be largely in vain," Prof. G. F. Swain, M. I. T.

"To students who have never learned 'How to Study,' work is very often a chastisement, a flagellation, and an insuperable obstacle to contentment," Prof. A. Inglis, Harvard.

"HOW TO STUDY" will show you how to avoid all misdirected effort. Get a good start and make this year a highly successful one by sending for this hand-book and guide NOW.

You Need This Intelligent Assistance

American Student Publishers, 22 West 43rd Street, New York.

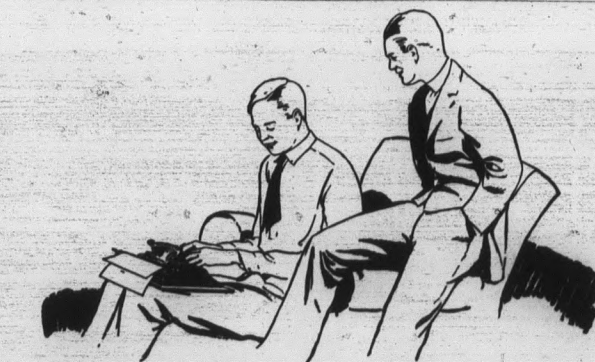

Gentlemen:

Please send me a copy of "How to Study" for which I enclose \$1.00 cash; \$1.10 check.

FINDS WRITING NO TEST OF INTELLECT

Popular Beliefs Disproved in Experiment Conducted by G. W. Graduate Student

PHOTOS ALSO VALUELESS

Judges Fail to Estimate Intelligence of Students by Handwriting or Photographs

Old theories that handwriting and personal appearance are of aid in estimating one's intelligence will probably be discarded as a result of experiments recently conducted by Miss Katherine Omwake, assistant in the Department of Psychology of George Washington University, and a student in the School of Graduate Studies.

An article by Miss Omwake on "The Value of Photographs and Handwriting in Estimating Intelligence," appeared in the May issue of "Public Personnel Studies," containing her findings on the subject. After various experiments, Miss Omwake concludes that photographs are of no practical value in estimating intellect, and that one's handwriting is absolutely worthless in judging his intelligence.

Examine Students' Handwriting

In her handwriting experiment Miss Omwake obtained specimens of penmanship from 130 psychology students of George Washington University. These were turned over to 20 picked judges who were asked to estimate the intelligence of the individuals and to place them in grades ranging from A to E. From the results obtained Miss Omwake shows that a specimen of handwriting is of no value whatsoever in estimating intelligence, nor do the neatness and quality of one's penmanship have any relation to his intellect.

In the first stages of her photograph experiment group photos containing the pictures of six girl students of George Washington, in athletic uniform, were submitted to 35 judges who were asked to rank them in their order of intelligence. The judges contained among their number civil service examiners, commissioners, private employment managers, professors, and scientists. The rank given these students by the judges was compared to their scholastic record and their grade on the Army Alpha Examination. The judges failed completely in their attempts to estimate the intelligence of the girls. Fifteen of the judges placed the most intelligent girl at the foot of the list, whereas the least intelligent girl was consistently overestimated.

Judges Fail Completely

Next photographs of 30 men and 30 women students were submitted to 30 picked judges, each print separate and of uniform size. The judges were asked to place the students in seven distinct classes, from very inferior to very superior. The judges not only fell far short of giving the students their true ratings, but it was found that a mere random selection with the faces of the photographs down, yielded results practically as accurate as those obtained by careful scrutiny. A fifteen-year-old girl in her sophomore year at high school came nearer to judging the actual intelligence of the students than eighteen of the more mature judges.

REGISTRATION AT RATE OF 100 EACH DAY

(Continued from page 1)

Spiritualist, Mohammedan, Mormon, Pentecostal, Evangelical, Moravian, and Christadelphian religions in school. The student's unfamiliarity with several of these will suggest the cosmopolitan character of the student body.

Three of these religions are doing actual work on the campus, being represented by clubs making an effort to help students to congenial fellowship. These clubs are the Episcopal Club, the Newman Club for Roman Catholics, and the Menorah Society for Hebrews.

Where Your Troubles End
Main Terminal Press, Inc.
7578 925 Eleventh Street

WOMEN'S GLEE CLUB, NOW "CHORAL SOCIETY"

The Women's Glee Club, under a new name, new rules and plans, held its first meeting on Monday, October 5, in Corcoran Hall immediately after chapel. Henceforth, it will be known as the G. W. U. Choral Society. Its membership will be limited to thirty-two who will be chosen through tryouts at the opening meeting. Miss Estelle Wentworth, the director, plans to have a double quartet and to give several light operas. The president, Miss Edith Finney, 3536 Edmond Street, will furnish anyone with further particulars.

FACULTY MEMBERS AT ENGINEERING SMOKER

More Than 150 Engineering Students Attend; President of University Speaks

President Lewis, Dean Hodgkins, Dean Miller and members of the Engineering Faculty were among the University dignitaries present at the first smoker of the Engineering Society held at the Sigma Chi house last Thursday night. More than 150 engineering students were present, including 100 old members of the society.

President Lewis spoke, emphasizing the importance of the engineer in the everyday world. Gilbert Ludwig, president of the society outlined plans for the coming year. These will include four large meetings and a mixer and dance in October. Prizes will be given for the best student addresses on assigned engineering topics, delivered at the meetings. All students in the Engineering Department are eligible to membership.

EPISCOPAL CLUB PLANS PARTY TOMORROW

Delegate to National Convention Held at Racine, Wis., Gives Report at Meeting

Plans for a party tomorrow night in St. Paul's parish hall, 917 23rd Street N. W., to which all Episcopalians in the University are invited, were drawn up at a meeting of the George Washington Episcopal Club last Thursday night.

The club's entertainment committee promises pleasant surprises to all who attend. There will be games, dancing, and other features. Dr. McCallum, chaplain of the society, has turned over the parish hall of his church for the use of the club Thursday evening.

Miss Emma-Tom Fusch, representative of the local society at the Triennial Convention of Episcopal College Students, held at Racine, Wisconsin last summer, gave a report at the last meeting.

Following her report August Sperry was unanimously elected treasurer of the society. A program committee was appointed consisting of Marie Walcott, Dorothy Somerville, August Sperry, and Helen-Louise Trembley, chairman. The reception committee as named is composed of Ruth Burdhardt, Hale Darby and Margaret Carr, chairman. A membership committee of Elizabeth Gladman, Virginia Fisher, and R. Albright, was also appointed. Carrol Brooke, president of the society, presided.

LEWIS ADDRESSES FOUR ALUMNI CLUBS IN WEST

(Continued from page 1)

Professional and business men of their various communities, and President Lewis was impressed not only with the work they are doing, but with their loyalty to their alma mater. Owing to the activity of those in charge an unusually large proportion of alumni in all the cities came to the reunions.

In addition to speaking at these alumni meetings President Lewis addressed the Rotary Club and the University Club at Santa Barbara, the Rotary Club at Greeley, Colo., and gave a series of lectures at the Colorado State Teachers' College in Greeley.

SPECIAL MEETING OF "Y"

Marguerite Smith, president of the Y. W. C. A., has announced a special meeting of the organization, to be held in Room 17 of Corcoran Hall, at 12.45, Friday.

Hatchet Reviews of Current Shows

By DAN DE SOUZA

NATIONAL

(Through field glasses)
Charles Dillingham presents Fred Stone and daughter Dorothy in "Stepping Stones," a "Fantastic Musical Play in Two Acts."

Mr. Dillingham denied me the customary complimentary couple on the aisle, so I thought I would be unable to see the show. However, I surveyed the exchequer, and procured a seat in the second balcony. So I didn't see the show anyway.

Let me start by advising you to see the piece, if you like music and dancing. As for the humor, Mr. Stone has undoubtedly intended it to be good, clean fun for the family, but it is, alas, antiquated.

From my perch I enjoyed Dorothy Stone, who is young and pretty, and an excellent dancer withal; the Tiller Girls, who imitated the Tiller Girls; and the score, by Jerome Kern, which includes the beautiful "In Love With Love," "Once in a Blue Moon," and "Raggy Ann." Fred himself was pitiful in his attempts to be amusing, except when he kept his mouth shut.

When a boy, I saw "The Wizard of Oz" and I have witnessed Stone many times since then, notably in "Tip-Top." He is still the same—boyish, lovable, and a good fellow, but about as funny as I am. I make this allusion because people who live in glass houses shouldn't knock Stones.

JACK.

BELASCO

Herr Farrell, noted publicity man for "Is Zat So?", promised to reserve seats for the spies of the Hatchet at the Sunday night performance. He forgot to do so. As the Hatchet reviewers have recently paid their tuition, they are now flatter than pancakes. Hence they were unable to enter the sacred portals. In future, however, they will pay their way into the shows whenever necessary.

TOM and MILLARD.

RIALTO

At the Rialto this week Rin-Tin-Tin, the dog star, is featured in "Tracked in the Snow Country." Rin-Tin-Tin performs some interesting feats in this picture. He is a very intelligent dog, although he owes much to capable directors. The other members of the cast include a handsome forest ranger; a sweet young lady and a dastardly villain. The plot deals with the troubles of the young lady, who is saved by Rin-Tin-Tin and the forest ranger. It hath a familiar ring, what?

The musical numbers, directed by Mischa Guterson, include the overture "Raymond"; and a special presentation, the first movement of Mendelssohn's "Trio." The sentimental ballad "My Buddy" is sung by a young man dressed in mining costume. There is a comedy, as fantastic as a history from the True Story Magazine, but very amusing. The newsreel offers glimpses of Messrs. Dempsey and Willis signing the Articles of war. Ta-Ta, new nose!

TOM.

PALACE

At the Palace we have El Senor Ramon Novarro, in "The Midshipman." With this picture we are treated to some excellent views of the Naval Academy and midshipman life. Novarro, as Midshipman Randall, wades through the academy almost to graduation without anything more startling than an occasional scrap and an embryo love affair.

ELECT RUTH WILLIAMS PRESIDENT OF SPHINX

The Sphinx Honor Society will be ably captained during the present academic year by its newly elected president, Ruth Williams. The election took place last Thursday at the first meeting of the society this year. Ruth Williams continues the line of illustrious presidents and steps into a role vacated by Maxine Rolle, popular G. W. graduate.

Lynne Smith was elected secretary-treasurer of Sphinx, an office which had been held by Kay Edmonston, famed rifle star and leader in student activities.

LE CERCLE GALLIA TO MEET FRIDAY NIGHT

Le Cercle Gallia will open its third year with an organization meeting to be held on Friday evening, October 9, at 8.30 p. m., in Room 31, Corcoran Hall.

Le Cercle was formed by a group of students of French at the University who wished particularly to have an opportunity of conversing in that language and of hearing more of it. Several prominent men and women of France spoke at meetings of Le Cercle last year, and a most interesting calendar is being planned for 1925-26, including at least one official dance. The meetings will be held on the second and fourth Fridays of each month at 8.30 in the evening.

TROUBADOURS MEETING CALLED FOR TUESDAY

A business meeting of the Troubadours will be held in Room 17, Corcoran Hall, Tuesday, October 13, at 8 p. m. The club is a member of the Dramatic Association, and confines its efforts to the production of musical shows. Those desiring to join may make application at the meeting Tuesday.

fair. Then the fur flies in true Kilkenny style. His girl is kidnapped and carried out to sea. He chases after her, followed by the Atlantic Fleet. Needless to say he brings her back, and graduates as per schedule. All of which offers Ramon his chance to display his ability as an ardent lover and clever actor.

A Billy Dooley comedy, "A Misfit Sailor," the Pathe newsreel, and the good work of Tom Gannon's orchestra complete the bill.

MILLARD.

ENCORE

We have with us today the interesting spectacle of two film programs on Eff street proving so popular that they are being held for a second week. At the Columbia, Douglas Fairbanks is still holding forth in "Don Q." We sent Jack Milligan around to see it last week and he had nothing but nice words for it.

At the Metropolitan, Norma Talmadge continues to delight her numerous admirers with "Graustark." Raphaella Schwarz, who covered the show for this column, reports that it is excellent. The comedy, "Shoes," is "different," she says. O. Henry wrote the scenario unwittingly, as part of his famous novel, "Cabbages and Kings." The Pathe News film is new this week, but Billy Mitchell still gets a big hand when he appears, Raphaella tells me.

DAN.

MUTUAL

To any who think that the Y. M. C. A., the Anti-Saloon League, the Methodist Board of Temperance and Public Morals, and the Society for the suppression of the Bicycle have taken the human naturalness out of our dramatic life, I recommend a visit to Jack Garrison's Mutual burlesque house this week. Here the old order of things holds sway. No southern exposure in the entire cast is safe from the attentions of the comics. The humor is exclusively anatomical, and when the ladies (God bless them) dance, I sit and marvel how they don't shake themselves limb from limb. The confection on view this week is called the "Tempsters." The troupeurs play their parts with a fine gusto, and the audience, blanketed by dense clouds of smoke, applauds them to the echo. There was one black-haired lady (unprogrammed) who did a very oriental dance, and they simply couldn't get enough of her. Peg Gilligan is a trim little craft, and Edna Somers, built on more Amazonian lines, shakes a mean diaphragm. But it is really unfair to pick anybody out for special honors, the boys and girls are all there.

DAN.

GAYETY

At the Gayety this week, is "7-11," an all-colored musical burlesque, starring Howard and Brown, and Cook and Smith. There is a chorus of twenty-four creole beauties and an augmented orchestra. Manager Ira LaMotte guarantees it to be positively the fastest dancing show ever produced.

SWISHER MEMORIAL SPONSORED BY CLUB

History Society Starts Drive to Honor History Professor By Gift to Library

The memorial to Doctor Charles C. Swisher, Professor of History in George Washington University, will soon be a reality if results so far obtained by the Campaign Committee of the History Club are to be taken as indicative. Edgar Graham, chairman of the committee, announces that although the campaign has just been inaugurated, several contributions have already been received.

It is the plan of the History Club, which started the movement for a testimonial to Dr. Swisher last spring, to purchase a plaque, a portrait or books for a Swisher Alcove in the new University Library, and to present this token to the University, dedicating it to Dr. Swisher. To do this will require \$500 or more, which they are sure can be raised among the members of the club and the students and alumni of George Washington.

Plan Has Approval

The plan has been submitted to President Lewis, Dean Hodgkins and other members of the faculty, and has met with universal approval. Dr. Swisher is one of the University's oldest and most faithful professors, and most graduates of the Department of Arts and Sciences in recent years have taken at least one course in history under him.

Subscription blanks for the fund are now being circulated among the students and alumni. They may also be secured from any member of the Campaign Committee, consisting of Edgar Graham, Chairman; Nancy Feehan, Secretary; A. L. Russell, Treasurer; Ora Marshino, Anna L. Ericson, Ildria Bridges, and Elizabeth D. Burton.

DIONYSIANS TO MEET

The Dionysians Dramatic Society will hold its first meeting Thursday evening, October 8, in Corcoran Hall at eight o'clock. All students interested in this field of the drama are cordially invited to attend the meeting.

TWO FRATERNITIES MOVE DURING SUMMER MONTHS

Two George Washington University fraternities have changed their place of residence this summer, and are now installed in their new homes.

The Theta Upsilon Omega fraternity is now located at 1765 Que Street N. W., having moved to their new location from 1717 S Street N. W. Their new residence has twelve large rooms and is of white stone construction.

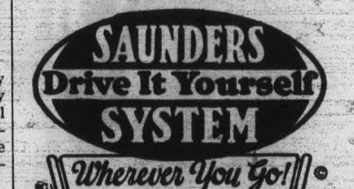

Acacia fraternity has moved from its old home at 1719 Eye Street N. W., to 1707 Massachusetts Avenue N. W. Their new home was formerly the residence of Colonel du Pont, and contains 20 rooms.

Outings

You can put on a corn roast barbecue, weiner party, etc., anytime, anywhere with Saunders System cars. A car for five costs less than rail fare. Glad to serve your bunch. Coupes, Sedans or Touring.

The College Man and Nettleton Shoes

It's true in Dartmouth, it's true in all colleges where men dress well. When a man wears Nettleton, he sets a style that others eagerly adopt.

DEALERS EVERYWHERE

Are you a grind?

You'll have more time and a freer inclination for pleasanter things if you have the right tools for school use. Buy a "Lifetime" pen, not alone because it is the smart and the successful pen of the day; or because it is made of green, jade-green radite, a beautiful and indestructible material; or because it has a "nifty" little white dot on its "other" end and a lifetime guaranteed nib. But buy it for the very good reason that it is an infallible performer. Sold at the better stores.

Price, \$8.75 Student's special, \$7.50 Others lower
"Lifetime" Titan oversize pencil to match, \$4.25
Sheaffer Skrip—successor to ink—makes all pens write better
